

Logistics ML™

Empower your logistics teams with AI and Google Cloud

With Pluto7 comes truly **unique** capabilities for helping businesses leverage machine learning, artificial intelligence, and analytics on Google Cloud. Our **Logistics ML™** solution helps ensure the overall logistics and order fulfillment success. It unleashes the power of your supply chain data to simplify your customer service and delivery processes. This AI-driven solution enables Google Cloud's Vision OCR to perform text, character, and image recognition.

Why Pluto7?

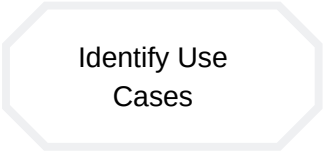

ML Use Cases

- **Faster Fulfillment** - Logistics ML leverages the power of Google AI to help you optimize your fulfillment processes
- **Unlock key business insights** - You can access meaningful insights from data between the point of origin and the point of consumption
