

Value Chain ML™

Unlock holistic intelligence from your data

With Pluto7 comes truly **unique** capabilities for helping businesses leverage machine learning, artificial intelligence, and analytics on Google Cloud. Our **Value Chain ML™** solution lets you bring an intelligent structure to your organisation by adding value to each and every aspect of the business. It intelligently connects unrelated functions of business, starting from procurement to production, and from marketing to after-sales services.

Why Pluto7?

ML Use Cases

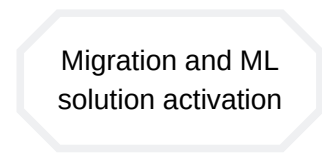

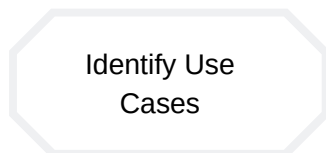

- **Break your Data Silos** - by bringing data from different unrelated sources together
- **Understand product journey** - by gaining granular insights
- **Holistic transformation** - unlock hidden capabilities
- **Minimise losses** - drive higher revenue and reduce potential opportunity loss
