

Open-space paint spraying system with telescopic dryer and blastroom

Industry sector:

Steel construction

Work piece:

Steel structures

Year of construction:

2012

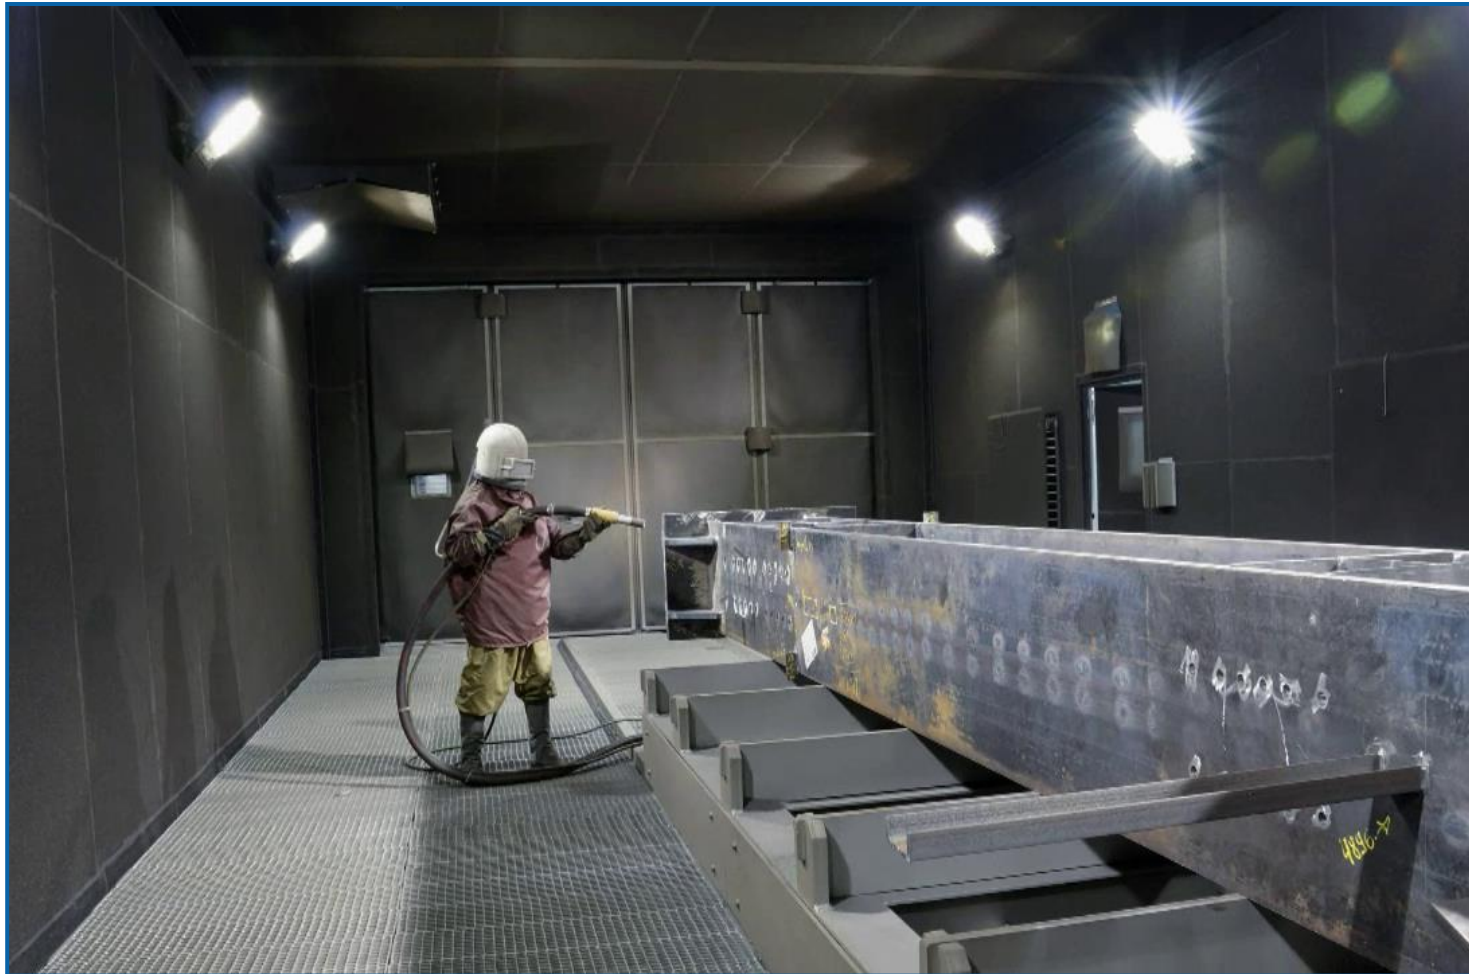

Technical data:

- Blastroom 20 x 6 x 4 m
- Open-space paint spraying system with long-range nozzles 54 x 6 x 8 m
- Movable telescopic drying tunnel 18 x 6 x 4 m

Special features:

- Open-space paint spraying system with heat recovery system by plate heat exchanger

Blastroom

Open-space paint spraying system with telescopic dryer
