

# Slack Connector Setup

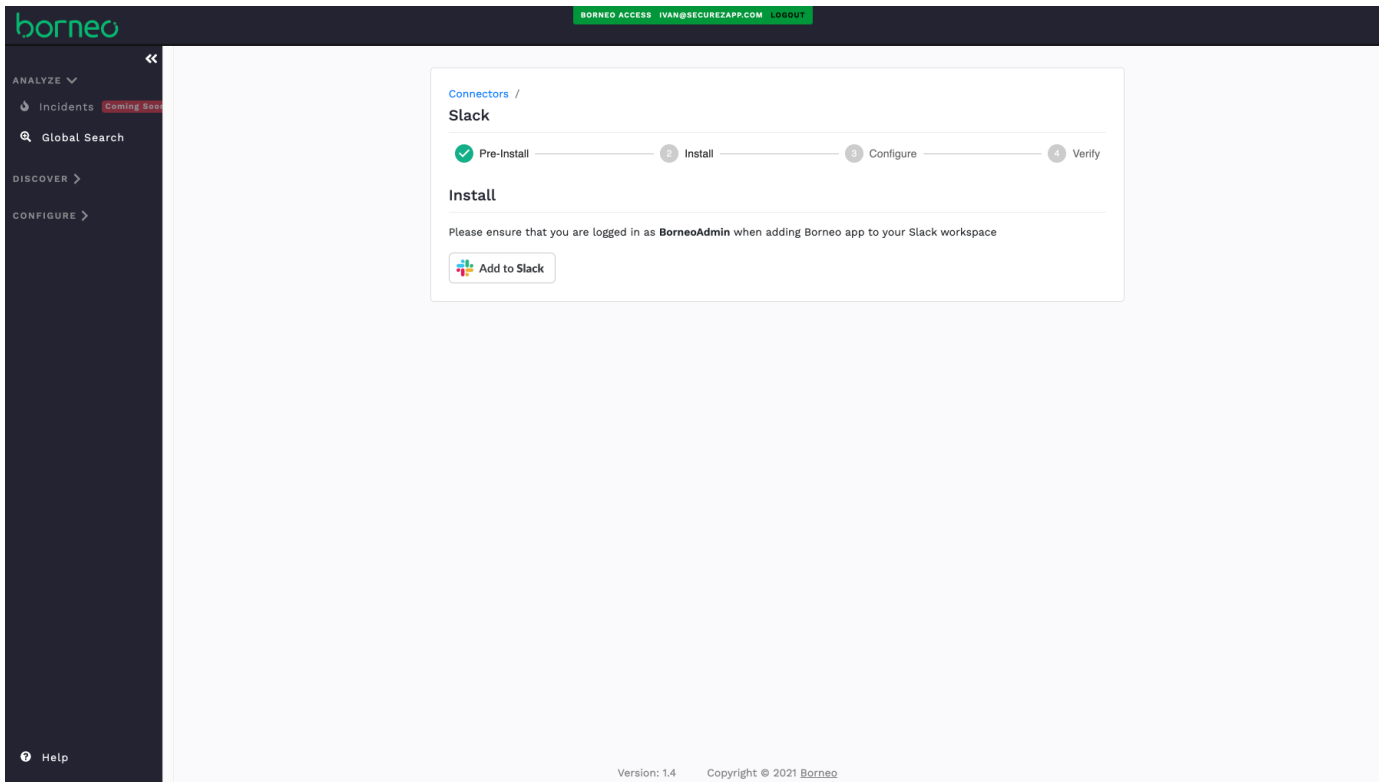

## Pre-requisite

Please note that you will require Admin privileges to your Slack Workspace to complete these steps:

1. Create a new Slack Service Account user: **BorneoAdmin**. You will require a new email id for this user and then [invite to your slack workspace](#).  
*Do make sure that you will be able to login as this new Slack user during the setup.*
2. [Assign Workspace Admin](#) role for **BorneoAdmin**.
3. Create a list of all public slack channels you want to be enabled for monitoring. You will need to select these channels during the installation process. (Max 10 channels for POC)

## Authentication with Slack OAuth

Click on "Add to Slack" button to initiate Slack OAuth authentication

The screenshot shows the Borneo application interface. At the top, there is a dark navigation bar with the Borneo logo on the left and user information (BORNEO ACCESS, IVAN@SECUREZAPP.COM, LOGOUT) on the right. A sidebar on the left contains menu items: ANALYZE (with a dropdown arrow), Incidents (with a 'Coming Soon' badge), Global Search, DISCOVER (with a right arrow), and CONFIGURE (with a right arrow). At the bottom of the sidebar is a 'Help' icon. The main content area displays the 'Connectors / Slack' page. It features a progress bar with four steps: 1. Pre-Install (checked), 2. Install, 3. Configure, and 4. Verify. Below the progress bar, the heading 'Install' is followed by the instruction: 'Please ensure that you are logged in as BorneoAdmin when adding Borneo app to your Slack workspace'. A prominent 'Add to Slack' button is located below this instruction. At the bottom of the page, the footer indicates 'Version: 1.4' and 'Copyright © 2021 Borneo'.

## Select Channels to monitor

Select the channels to monitor and click "Next" button

The screenshot shows the Borneo web interface. At the top left is the 'borneo' logo. A dark navigation sidebar on the left contains the following items: 'ANALYZE' with a dropdown arrow, 'Incidents' with a dropdown arrow and a 'Coming Soon' badge, 'Global Search' with a magnifying glass icon, 'DISCOVER' with a right-pointing arrow, 'CONFIGURE' with a right-pointing arrow, and 'Help' with a question mark icon at the bottom. The top right of the interface shows 'BORNEO ACCESS' and 'JOHN@SECUREAPP.COM' with a 'Logout' button. The main content area is titled 'Connectors / Slack'. Below the title is a progress bar with four steps: 'Pre-Install' (checked), 'Install' (checked), 'Configure' (active), and 'Verify' (disabled). Underneath is the section 'Channels to monitor' with a label 'Channel to monitor \*' and a dropdown menu currently showing 'Select...'. A green 'Next' button is located at the bottom right of the configuration area. At the bottom of the page, the text 'Version: 1.4 Copyright © 2021 Borneo' is visible.
