# THE MPL-NGS WRECKER

## DRIVE A HARD BARGAIN

The MPL-NGS wrecker from Jerr-Dan® has exactly what you need to do your job quicker and more efficiently, including an unbeatable price. It's designed to help you get in and out quicker, and features the revolutionary Level Stop® Assist System, the same technology found on Jerr-Dan's top of the line models. And its Negative Tilt Underlift feature is perfect for securing vehicles in parking ramps. Best of all, it's a Jerr-Dan—so it's built better than any truck in its class to help you get in and out, day in and day out.

# IT'S A STEEL WITH MORE FEATURES THAN ANY TRUCK IN ITS CLASS

## MPL-NGS VERSATILITY

Whether you're towing low-clearance sports cars or motorcycles, the MPL-NGS's customizable wheel lift packages let you take on more jobs, faster.

## MPL-NGS EFFICIENCY

With its 90° rotating cross bar and standard adjustable Level Stop Assist System®, the MPL-NGS gets you into the perfect position quickly and allows you to tackle tough picks.

## MPL-NGS DURABILITY

A steel diamond plate painted deck is built for a rugged, long working life and combined with Jerr-Dan's exclusive No-Lube™ technology reduces maintenance, saving time and money.
