MOTIVE POWER CHARGERS

## FERRO

### *Tried and True Charging Dependability*

EnerSys<sup>®</sup> enhances the ruggedness of ferroresonant technology with state-of-the-art controls providing a truly automatic and dependable charger. Our unique engineering perspective as both a battery and charger manufacturer allows this charger design to maximize your battery's performance and life. The EnForcer<sup>®</sup> Ferro makes your job easier, providing real time information through the simple to read display.

# EnForcer<sup>®</sup>

MOTIVE POWER CHARGERS

## FERRO

### EnForcer<sup>®</sup> Ferro Advantages

- Three-high stackable cabinets
- Designed for 8 hour or less recharge time
- Programmable or manual equalize function
- Delayed start
- LED charge status indicators
- Battery state of charge “fuel gauge” indicator
- Quick Tap option for AC Voltage flexibility: 208/240/480 voltage “outlets” (ideal for rental fleets)
- Optional remote control for added convenience

### Programmable Options

- Equalize – Programmable or Manual
- Delayed start
- Cool down time – 0 to 12 Hours
- Cable Lengths – Standard 8’ (longer lead lengths optional)

### Feature Packed Control Panel

#### EnForcer<sup>®</sup> Ferro Control Board Displays:

- Charging current
- Volts per cell
- Amp-hours returned
- Total time on charge
- Fault condition

### Service and Support

EnerSys<sup>®</sup> backs you up with over 350 trained technicians that staff a national network of service locations and mobile vans. It's the largest, strongest company-backed service and support team in the business.
