

J&J steel dump bodies are manufactured with certified steel, shot blasted to SPC6 and coated with Sherwin Williams Genesis paint system.

Custom engineered for a light-duty chassis.

The DynaHauler/LDC truck body is designed to fit a lighter truck and comes with many ready-to-work features. These include a 10 ga. high tensile steel floor, fabricated front rear and side posts, low loading height, up to 24" tailgate, a cab protector, and more. It's a great choice for road maintenance and construction applications.

Rely on our experience.

There's no substitute for a truck body built by the experts at J&J Truck Bodies & Trailers. We don't cut corners and we don't compromise on quality. Rely on our 55+ years of experience to build you the dump trucks you want - we'll build them to your specification and application.
