

LWC

LIGHT WEIGHT CROSSMEMBERLESS

DYNA-HAULER

ISO 9001:2008 Certified.
Quality products,
quality workmanship.

*J&J Truck Bodies & Trailers
is a division of
Somerset Welding & Steel, Inc.*

A strong, lighter weight steel solution for your material hauling needs.

This multi-purpose dump body is an excellent solution for hauling asphalt today, and shot rock tomorrow. The J&J steel dump body is comparable to aluminum dump bodies in weight with the proven impact and abrasion resistance of high hard steel. If you haul rock, gravel, asphalt or other aggregates, you owe it to yourself to check out the crossmemberless dump bodies from J&J Truck Bodies & Trailers.

The Lightweight Crossmemberless (LWC) steel dump body provides a considerable weight savings over traditional side post models.

Rely on our experience.

There's no substitute for a truck body built by the experts at J&J Truck Bodies & Trailers. We don't cut corners and we don't compromise on quality. Rely on our 55+ years of experience to build you the dump trucks you want - we'll build them to your specification and application.

SPECIFICATIONS & DIMENSIONAL DATA FOR LIGHT WEIGHT CROSSMEMBERLESS DUMP BODIES

Sherwin-Williams Genesis® paint system provides a high gloss, extremely durable and resistant finish. All steel bodies are completely sandblasted for superior paint adhesion.

No crossmembers means lighter weight bodies.

The air high lift tailgate option prevents tailgate damage from large objects and functions as a conventional tailgate for standard aggregate hauling.

STEEL STANDARD SPECIFICATIONS*

Lengths: 13' to 20'.

Side Panels & Bulkhead: 1/8" high hard steel

Floor: 3/16" floor with radius corners.

Understructure: Crossmemberless design, rubber dampening cushion.
