

# QUALITY-BUILT™

BRAKE CALIPER

ÉTRIER DE FREIN

PINZA DE FRENO

powered by:

**Fully Coated Corrosion Protection**  
**Multi-phase Performance and Durability Testing**  
**EPDM Rubber Components**  
**100% Phenolic Piston Replacement**

### Brackets Included

Application specific brackets prevent caliper binding and take the guesswork out of caliper replacement.

### Rust Prevention

All iron caliper bodies and brackets are zinc plated for superior corrosion protection in all conditions.

### 100% Tested

Pressure testing checks every seal, bleeder, and line connection for leak-free operation.

### All New Dust Boots and Seals

EPDM rubber components are more resistant to deterioration caused by extreme temperatures.

### Hardware Included

Application specific pad abutment hardware, banjo bolts and bleeder screws included.

### All New Phenolic Pistons

To ensure maximum durability and reliability all phenolic pistons are replaced.

Quality-Built Brake Calipers add value and peace of mind for your customers with complimentary roadside assistance included with every caliper.
