

QUALITY-BUILT™

HUBS AND BEARINGS | MOYEUX ET ROULEMENTS | BUJES Y RODAMIENTOS

powered by:

Precision Raceway Induction Hardening

Precision Hardened and Machined Bearings

OE Grade ABS Sensors

Premium Grade Steel Wheel and Mounting Studs*

Premium Quality Seals and Grease

The Smarter Choice

With industry leading coverage and engineered product enhancements, **Quality-Built** Hub Assemblies meet the demands of professional installers.

Complete

Quality-Built Hub Assemblies are installation ready right out of the box with everything included to get the job done, and restore safe vehicle operation.

Perfection

Direct OE replacement parts engineered, manufactured, and tested to meet or exceed factory specifications for performance and durability.

Experience

Quality-Built Hub Assemblies feature engineered improvements designed to maximize performance, reduce noise and maximize service life.

Support

MPA's ASE-certified Part Smart™ technicians are ready to help get your customers back on the road with answers for any product, installation, or diagnostic questions.

QUALITY-BUILT™

HUBS AND BEARINGS | MOYEURS ET ROULEMENTS | BUJES Y RODAMIENTOS

powered by:

Quality-Built Hub Assemblies are built to exacting specifications and use only premium materials, so they can handle the demands put on them by today's vehicles.

1. Application-Specific

OE designs and materials provide like-new performance and durability for miles to come.

2. Heavy Duty Seals

Protect internal bearings and components from water, dust, and external debris.

3. Smooth Operation

High-temperature, aerospace grade grease reduces friction and eliminates noise.

4. Raceways

Induction hardened, micro-finished races improve bearing durability and load capacity.

5. Precision Bearings

Prevents excessive run out, improves internal tolerance accuracy, and improves load bearing capacity.

6. Wheel Studs

100% new OE style wheel studs where required.

7. High-Carbon Steel

Premium, high-carbon steel alloys improve load bearing capabilities and strength.

8. ABS Sensors

Application-specific ABS sensors included for perfect vehicle control system signaling.
