

PROJECT MANAGEMENT

FUNDAMENTALS

Gain a competitive advantage and better utilize your resources using project management tools for projects large and small. Increase your chances of project success using fundamental time-tested tools and techniques. Complete your projects with greater accuracy, under budget and on time. In this introductory course, you will gain experience using the most common project management execution tools, including project tracking forms, risk monitoring, communications plans, change request forms, issues logs, and lessons learned forms.

This interactive class will be led by an expert PMP certified facilitator. After attending, participants will receive a completion award.

- Location:** Live interactive classes via Zoom
March 4, 9, 11
- When:** Tuesdays & Thursdays 9:30am - 11:50am
- Investment:** \$249/participant
