

PLASTIC POTS & BOWLS

INTRODUCTION

Thank you for your interest in our range of plastic pots and bowls suitable for, but not limited to, food and drink applications.

Aegg Creative Packaging is a specialist plastic packaging and glassware company, supplying pots and bowls into global food and drink markets. We offer bespoke design and manufacturing services, as well as off-the-shelf table presentable items suitable for restaurants, casual dining, hospitality, food-to-go, retail, catering, travel and many other applications.

We are currently expanding our own UK manufacturing facilities so we can protect your supply chain from any uncertainties created by Brexit. In addition, we have global production facilities and alliances so that you can benefit from the best that the world has to offer by way of specialist skills, capacity and costs.

The products that feature in this catalogue are available at short notice and in pallet quantities. Please enquire further if you are looking for a bespoke design or would like less than pallet quantities.

LIDS

Bespoke Lids

If there is a pot you like but the lid is not right, we can adjust the lid to suit your requirements such as watch strap height, carton sizes, etc.

Branded Lids

Details such as logos or other artwork can be applied to your bespoke pot. We use a variety of depth & texture to make your brand stand out on the shelf in the place of a secondary label.
