

APPLICATION INSTRUCTIONS

FOR THE

FOUR SQUARE (SMALL)

Product Number: 11-2W-016

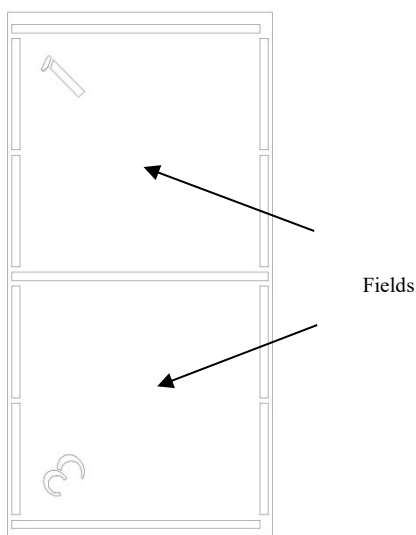

SIZE: approximately 8 feet each side.

ESTIMATED PAINT TIME: approximately 2 people for 1 – 2 hours.

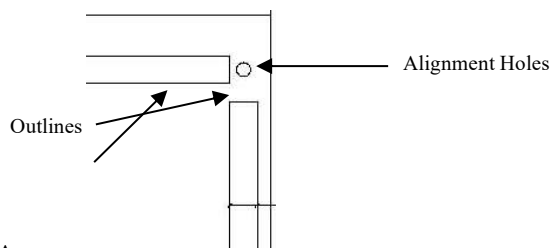

FIRST READ: Completely read "General Instructions". Prepare surfaces as recommended before painting.

1. Place STENCIL A in the desired location.

STENCIL A

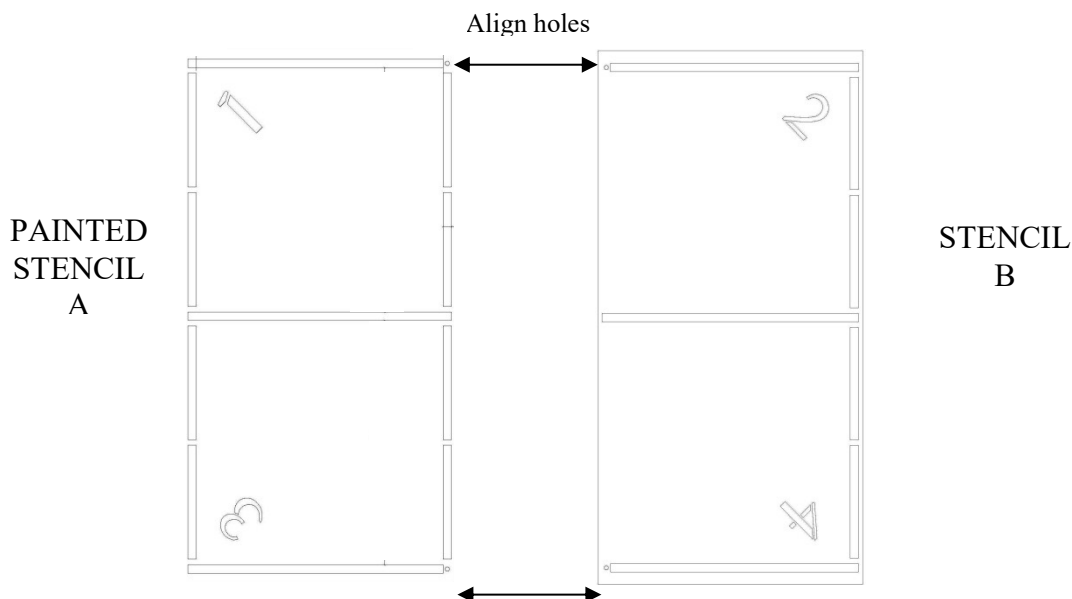

2. Paint outlines and alignment holes in STENCIL A. (See typical example of outlines and alignment holes below). Repeat 1-2 more times to achieve desired vividness, drying after each application. If you wish to paint the field within each box, do not paint the numbers yet. If you are not planning to paint the fields, you may paint the numbers at this time.

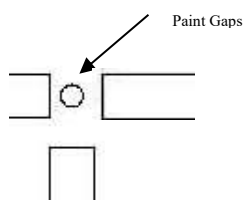

3. Remove STENCIL A

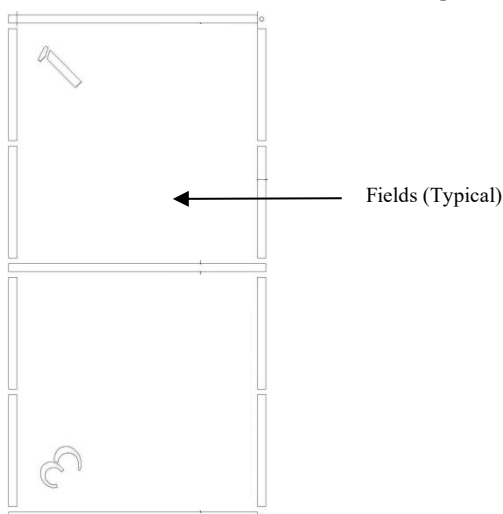

4. Align holes in STENCIL B with holes painted with STENCIL A.

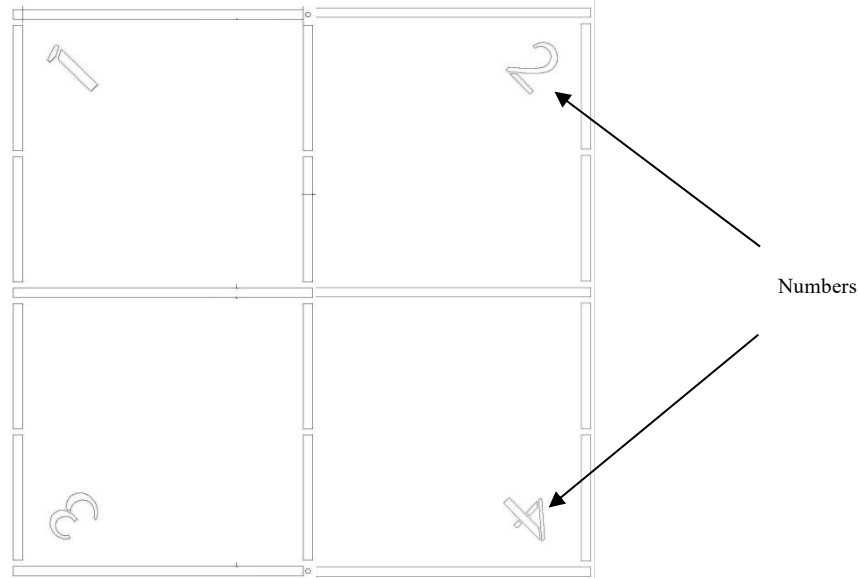

5. Paint STENCIL B. Repeat 1-2 more times to achieve desired vividness, drying after each application. Remove STENCIL B.
6. Take a 1" brush to paint gaps along outlines and at intersections. Repeat 1-2 more times to achieve desired vividness, drying after each application.

7. The stencil should appear like this on the ground but with no gaps between the lines:

8. Paint each large square, the fields, in any color you prefer. Use 9" paint rollers and as you approach the edges of the outlines, tip the roller, applying pressure to the end and carefully and slowly paint as close to the edge of the lines as possible. Repeat 1-2 more times to achieve desired vividness, drying after each application. Let completely dry.
9. Re-place Stencil A over the respective location and Stencil B over the respective location, lining up outlines and paint numbers with contrasting or desired color.

10. Allow all paint to dry for a minimum of 24 hours before use.
