

APPLICATION INSTRUCTIONS

FOR THE

BASKETBALL COURT KEY

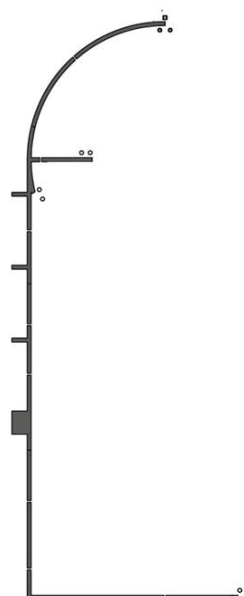

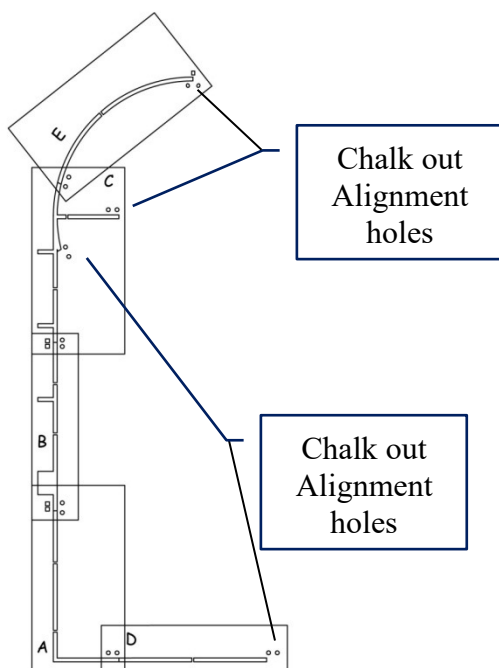

Product Number: 11-3W-035

SIZE: approximately 25 feet long x 12 feet wide

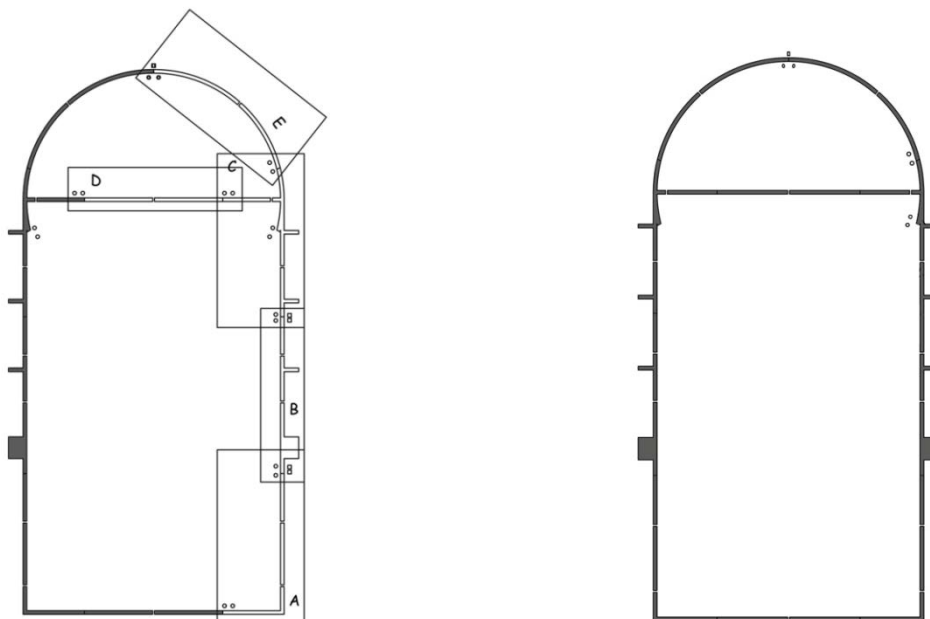

ESTIMATED PAINT TIME: approximately 2-4 people for 1-2 hours.

FIRST READ: Completely read "General Instructions". Prepare surfaces as recommended before painting.

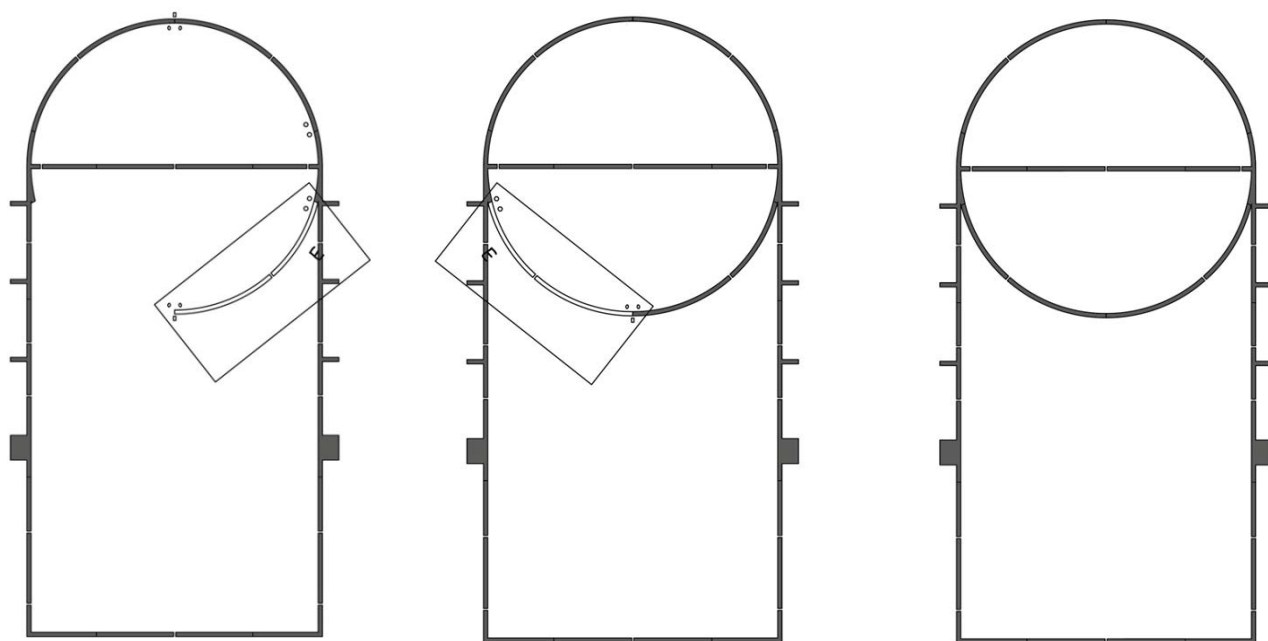

1. Locate "out of bounds" line which should be 4 feet behind the backboard and parallel to the backboard. For best application, use a chalk lines to mark out the bottom and sides of the basketball key. The court key should be 12 feet wide.
2. Align stencils as shown below to left, matching alignment holes as indicated. If using chalk lines, align outside lined cut outs of stencil to chalked lines. Tape all parts together if desired. Paint lines in place, repeating 1-2 more times to achieve desired vividness, drying after each application. Chalk out alignment holes on STENCILS C, E and end of D. Remove stencils. There will be gaps in the painted lines where the stencils overlap. To complete lines, re-align same stencils one at a time and paint incomplete lines using preceding stencils. The pavement should appear similar to illustration below right.

3. Beginning with STENCIL A, flip over and arrange stencils as shown below. Repeat directions from step 2. The pavement should appear similar to illustration below right. If full circle is desired, continued to step 4.

4. To complete circle, take STENCIL E and align and paint, as shown in steps below.

5. Allow to completely dry for at least 24 hours before use.
