**SIZE:** approximately 12 feet high x 7 feet wide.

**ESTIMATED PAINT TIME:** approximately 1 – 2 people for 1 – 2 hours.

**FIRST READ:** Completely read "General Instructions". Prepare surfaces as recommended before painting.

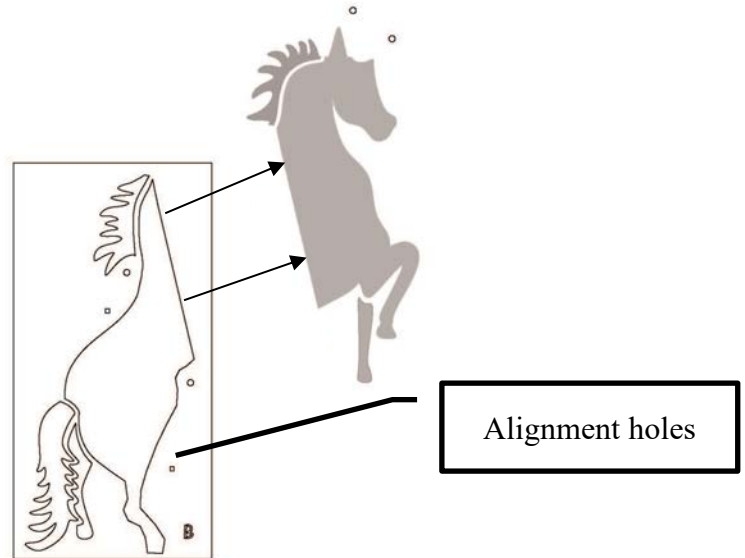

1. Place STENCIL A in desired location. Paint and repeat 1-2 more times to achieve desired vividness, drying after each application, and chalk out alignment holes above head. Remove the STENCIL. It should look like the right part below

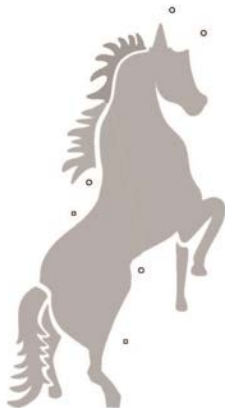

Alignment holes

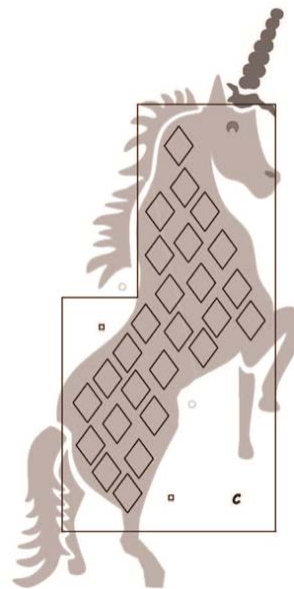

2. Align STENCIL B where the body meets and paint as desired. Repeat 1-2 more times to achieve desired vividness, drying after each application, and chalk out square alignment holes.

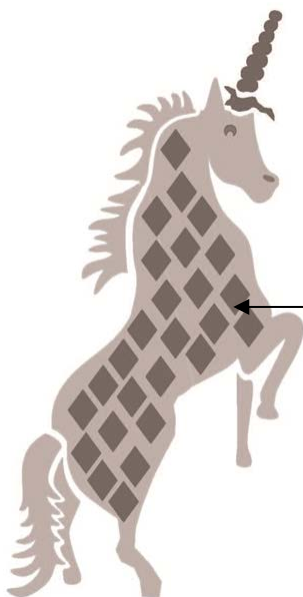

3. Painted stencil should appear on pavement as below left. Align small stencil showing eyes, nose and horn with chalked circular alignment holes as shown to right and paint.

4. Painted stencil should appear on pavement as below left. When completely dry, align STENCIL C as shown below, matching up chalked out square alignment holes and making sure diamond pattern fits within the body. Paint and repeat 1-2 more times to achieve desired vividness, drying after each application, and remove STENCIL C.

5. The painted stencil on the pavement should appear as below. Take individual letter stencils and align within diamond pattern as desired. Paint and repeat 1-2 more times to achieve desired vividness, drying after each application, and remove each.
