

APPLICATION INSTRUCTIONS FOR THE **DELUXE HOPSCOTCH**

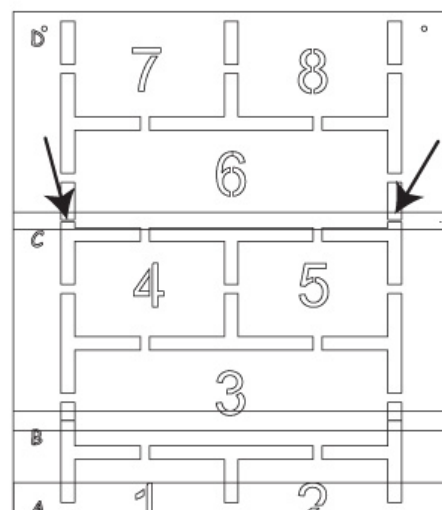

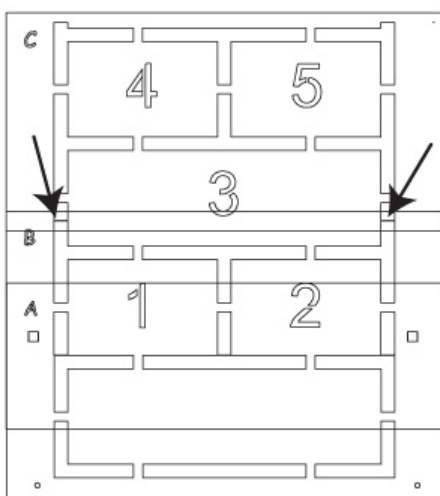

Product Number: 13-4W-047

FIRST: Read "General Instructions" completely. Prepare surfaces as recommended before painting.

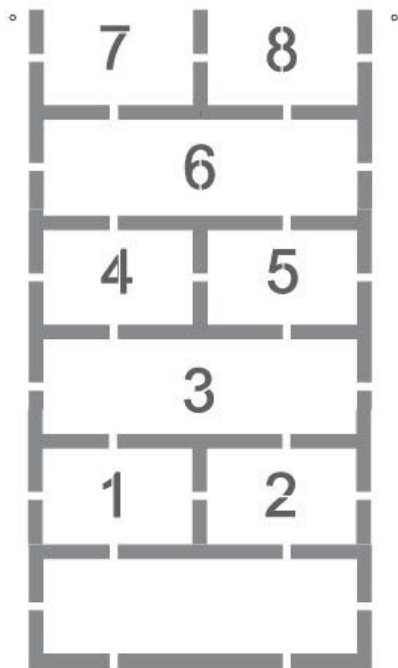

1. Place STENCIL A in the desired location as below left. Place STENCIL B over STENCIL A, overlapping square alignment holes as shown below right. Tape down the stencils to the pavement.

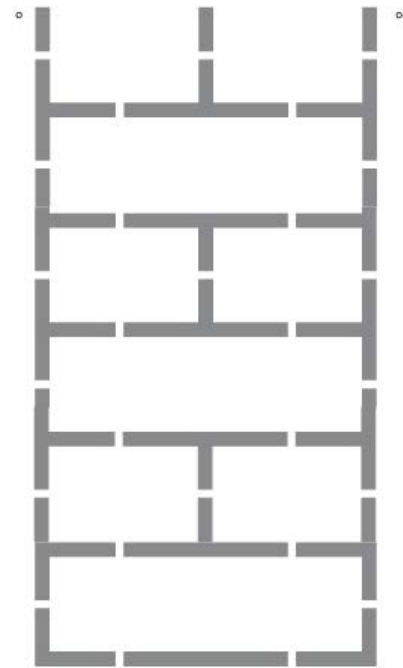

2. Place edge of side outlines of STENCIL C (not edge of sheet) directly next to STENCIL B side outline ends, as shown below left. Tape down to pavement and to STENCIL B. Do same with STENCIL D to C as shown below right. Tape down to pavement and to STENCIL C. Mark with chalk on pavement, alignment holes in STENCIL D.

3. Paint outlines and numbers if you do NOT wish to paint the spaces. If you wish to paint the spaces, do NOT paint the numbers in this step, paint only the outlines. Use 1" brushes to paint outlines and if applicable, numbers too. Repeat paint 1-2 more times to achieve desired vividness, drying after each application. Remove STENCILS, keeping them taped together if possible, when dry. The painted pavement should look like either below left or below right picture.

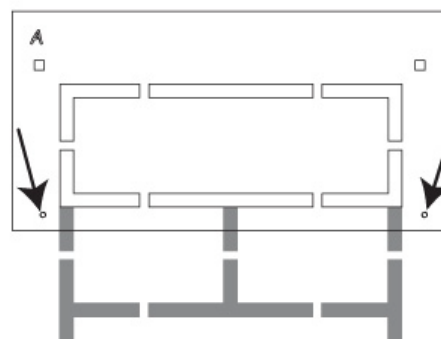

Painted Outlines & Numbers
Only

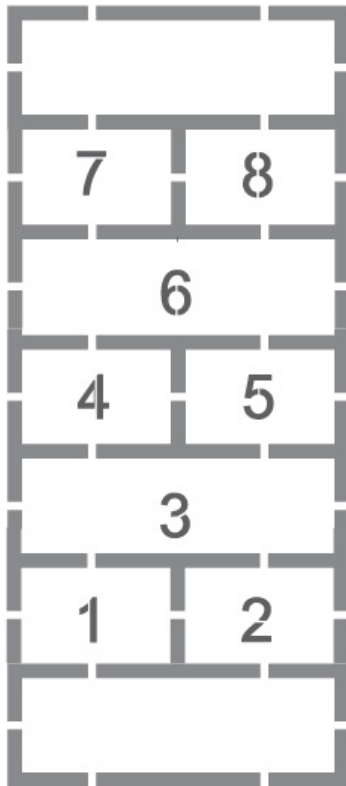

Painted Outlines Only

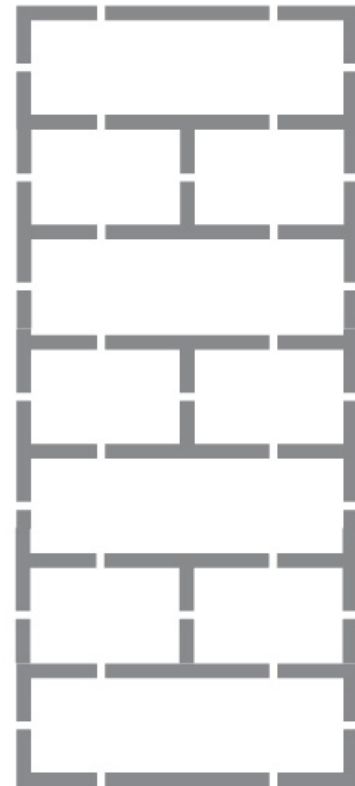

4. Untape STENCIL A from STENCIL B. Place it over dried, painted pavement lining up alignment holes and chalked markings, as shown below. Use 1" brushes to paint outline. Repeat paint 1-2 more times to achieve desired vividness, drying after each application. Remove STENCIL A.

5. The painted pavement should look like either below left or below right picture. If only outlines and numbers are desired, the pavement should appear as below left and stencil is complete. If spaces are to be painted, pavement should appear as below right and continue to Step 6.

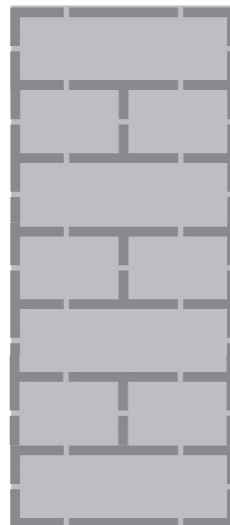

Painted Outlines & Numbers
Only

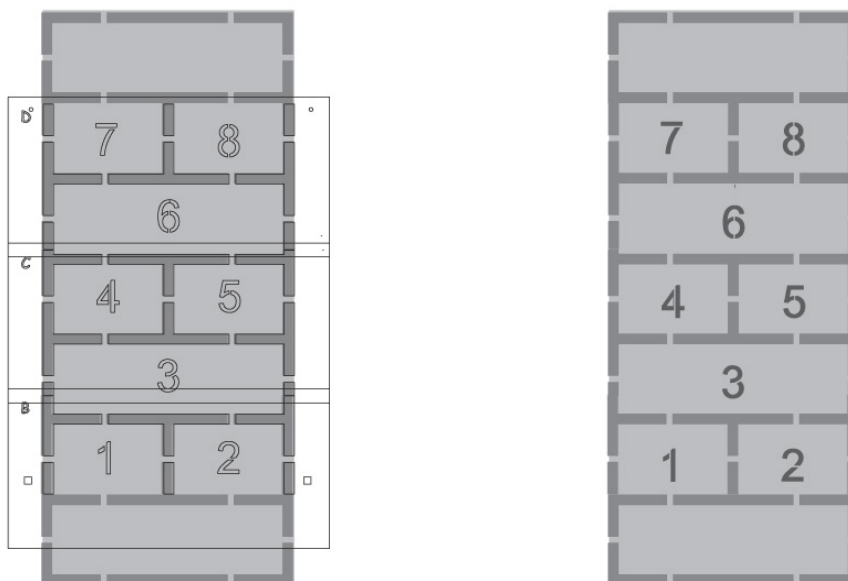

Painted Outlines Only
Continue to Step 6

6. If painting spaces, continue. Using 1" brushes, paint to fill in gaps in outlines and using small rollers, paint spaces. Repeat paint 1-2 more times to achieve desired vividness, drying after each application. Painted pavement should appear similar as below.

7. Once completely dry, relocate stencils over painted pavement as shown below left and paint numbers with 1" brushes. Repeat paint 1-2 more times to achieve desired vividness, drying after each application and then remove stencils. Painting is complete and pavement should appear as below right.

8. Allow all paint to dry for a minimum of 24 hours.
