

Thank you for purchasing Reusable Stencils!

All instructions contained herein should be read before preparation and installation.

- **As of August 25, 2016, all stencil purchases include a limited multi-use site license for up to 10 sites. If stencils are to be applied at more than 10 sites, please contact Fit & Fun Playscapes to obtain information on additional license fees, if applicable.** REUSABLE STENCILS can be shared with users other than the purchaser and in accordance with the multi-site license however, all these instructions must be provided to all users and Fit and Fun Playscapes will not be liable for any matters concerning the stencils or painting application by the other users.
- The boxes containing your Reusable Stencil order should be opened immediately and checked against the packing slip. **You must report any missing parts to Fit and Fun Playscapes within 5 days of receiving your order by completing support ticket at https://share.hsforms.com/1D0a_9VHcRnSt0CIVgTtzRQ548po or emailing details, including photos of what you received to info@fitandfunllc.com.**
- Our REUSABLE STENCILS are durable but not indestructible. If they are thrown, twisted, folded or not handled carefully, they may break. Do not cut or cut on the stencils.
- Large stencil sheets should be handled by at least two (2) people during application, removal and storage.
- The stencils ship with a thin film on the front and back side, which can be peeled and discarded upon receipt or after painting to help make clean-up easier. The film may shift or tear during shipping; this does not affect the usability of the stencil whatsoever. Do not allow children to play with the film as it can pose a choking hazard if misused.
- Each stencil part is identified in the [Application Instructions](https://go.fitandfunplayscapes.com/application-instructions) available for download from our website (<https://go.fitandfunplayscapes.com/application-instructions>)
- **For multiple uses using liquid paint, it is strongly recommended that the stencils are first outlined using chalk, then painted.** As REUSABLE STENCILS are used over and over, paint will collect along edges and may affect painted image on surface especially intricate patterns.
- Open each stencil and lay flat to allow stencil to re-shape if rolled for extended period of time, approximately 24 hours. Curled edges may need to be taped or held down with blocks, and some stencils need to be chalked for alignment.
- Fit and Fun Playscapes recommends using paint products sold on our website.
- Estimated paint time on Application Instructions may require additional time depending on skill of those painting, type of paint, porosity of pavement, weather conditions, thickness of coats and several other varying factors.
- Estimated paint time in Application Instructions do not include set-up or clean-up time.
