

25 ways VoiceFriend improves performance

Staff productivity

- Coverage for staff call-outs and open shifts
- Reduced staff time (and errors) on manual wellness/safety checks
- Staff due date reminders for licenses, certifications and trainings
- Staff compliance due date management and reporting
- Post open shifts and key staff messages on assigned community 800 number or via Amazon Alexa-enabled devices
- HR updates, reminders and announcements

Senior health and wellness

- Wellness and safety module
- Activity, exercise and mealtime reminders
- Activity attendance tracking
- Appointment reminders
- Care plan reminders
- Bus transportation reminders
- Hear important daily notifications with a simple voice command to an Amazon Alexa-enabled device
- Tools for the visually and hearing impaired

Family and prospect engagement

- Listen to loved ones' daily schedules, appointments and alerts on Amazon Alexa devices
- Invitations and reminders for events, tours and referral opportunities
- Enable families to leave reminders for their loved ones
- Updates, newsletters and satisfaction surveys
- Boost the impact of prospect tours by showcasing VoiceFriend's Amazon Alexa device capabilities

Safety alerts

- Maintenance and facilities updates
- Weather and road condition/parking alerts
- Health notifications
- Safety and security updates
- Augment your emergency alert system with StaffAlert—a hands-free, voice-activated tool for alerting your staff
- Boost safety for residents with impairments
