Overview

The Telaire T9602 is a unique over molded Relative Humidity and Temperature Probe with IP67 protection.

- Highly competitive for customers considering designing RH/T products with environmental protection
- Available as standard with 1 or 1.8 meter cable and JST connector
- IP67 protection – Total protection from dust and immersion up to 1 meter of water

Features

- Fully Calibrated & Temperature Compensated
- ChipCap®2 sensor
- Digital or Analogue Output
- IP67 Rated
- Precision & Accuracy (±2% RH, ±0.3°C, 14 bit)
- Low Current Consumption
- Reliable in Harsh Environments
- Different Mounting Options
- Multiple connectors or flying leads available

Applications

- HVAC – OEM rooftop units
- HVAC – Heat Exchangers
- HVAC – Outside air transmitters
- Automotive – Heavy truck/tractor cabin
- Agriculture – Greenhouse & indoor growing
- Industrial – Weather stations

Ordering Information

- See datasheet (AAS-920-638G) for part numbers. CPO required for further options.
- Sample requests email: Danielle.m.nelson@amphenol-sensors.com
