Church Brothers LLC- Non-GMO and Non-Bioengineered

Church Brothers LLC does not use genetically modified or bioengineered fresh produce items in any of our agricultural operations. Furthermore, we are not actively seeking or using GMO or bioengineered products in the commodity fresh-cut products we ship to our customers.

Likewise, no artificial preservatives, color or flavor additives is used in any of the fresh produce grown, processed and or packed by Church Brothers LLC.

If you may have additional question, please contact us at foodsafetyquestions@churchbrothers.com

Sincerely,
Church Brothers LLC
