PREMIUM LITTLE GEM LETTUCE

SWEET & CRISP

Little Gem lettuce is increasingly popular with chefs and consumers alike as they seek more variety in salad greens. A cross between romaine and butter lettuce, Little Gem delivers a crispy texture with a sweet and mild flavor. Its small size and beautiful colors offer an upscale appeal when plated.

Our SweetHearts take this premium lettuce variety to the next level by hand trimming individual heads to only the most tender and sweet leaves, providing operators a minimal prep, high yield product to utilize on the most discriminating menus.
