| 8_6-280-3975-3725-S | 8.5 Column Tambour Arch | 2 | 2 | 16 |

*Note: Please verify that you have the correct number of parts before proceeding.

PLEASE FOLLOW WRITTEN INSTRUCTIONS CAREFULLY

1. Find an open, flat area in which to assemble your racking. Carefully remove all components from the box and check all parts to verify package contents.

2. Attach the sides and both faces. Do not completely tighten the screws, allowing for some wiggle of the panels.

3. Slide the tambour into the groove in the facing panels.

4. Once the tambour is in place, finish tightening the screws, taking care not to strip the heads or damage the panel.

*Tip: Use glue sparingly

*Note: For more stability attach racks to wall
