\*Note: Please verify that you have the correct number of parts before proceeding.

## PLEASE FOLLOW WRITTEN INSTRUCTIONS CAREFULLY

1. Find an open, flat area in which to assemble your racking. Carefully remove all components from the box and check all parts to verify package contents.

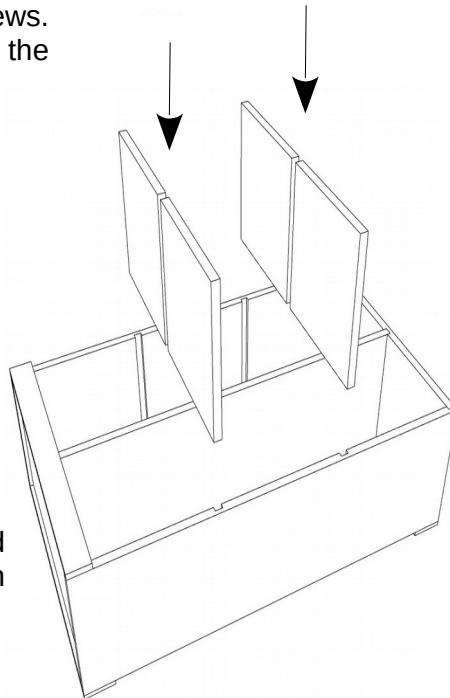

2. Attach the sides and divider to the top and bottom using supplied screws. Be sure to align them correctly so the shelves can be installed.

3. Flip cabinet shell over.

4. Install the back cleats using screws provided. Top & bottom cleats fit flush against top & bottom of shell. Flip over when done.

5. Install shelves or vertical and horizontal dividers depending on cabinet type.

6. If purchased, finish by attaching face trim and stand.

\*Tip: Use glue sparingly

\*Note: For more stability attach racks to wall
