San Diego, CA 92106

Dear PVM colleagues,

We wanted to share with you our excitement and congrats as the SEDRIC Migration Team won the 2020 CDC NCEZID Excellence in Information Technology Award. Without your support and expertise, SEDRIC would not be as successful as it. We appreciate all the hard work and labors of love that you all have contributed to the success of our move from Gotham to Foundry.

The official citation for our award is "For extraordinary efforts migrating SEDRIC to a modern platform, enhancing CDC's capacity for data-driven outbreak response."

I love knowing that our work together has a direct impact on protecting the public health!

Thanks again and congrats!

Sincerely,

A handwritten signature in black ink that reads "Lyndsay Bottichio".

Lyndsay Bottichio, DrPH
SEDRIC Program Lead
